Dear Ms. Reader,

I am excited to apply for the roles and responsibilities that you mentioned as data analysis and product entry and customization position. My passion for the required responsibilities combined with my excel and python skills would make me a great addition to the team. I have learned valuable skills like typing and coding that I'm looking forward to bringing to the role. My skill of communication will provide a great deal to improve the relationship with the customers. I am confident I can help the Doormeet to improve their performance in product development.

Please find my resume attached. Feel free to contact me at krisnaphuyal@gmail.com or 9860118166.

Thank you for taking the time to consider my application. I hope to hear from you soon.

Sincerely,

Krishna Phuyal
